**NOTICE OF DRAINAGE IMPROVEMENT PROJECT
AT 713 APPLGROVE ROAD**

Dear Resident:

This letter is to inform you of the upcoming drainage improvement project in your neighborhood. The Montgomery County Department of Transportation's (DOT) Division of Highway Services (DHS) will be managing the project, which will consist installing a perforated pipe in the county right-of-way located 713 Applegrove Road.

The work will be performed under contract by D & F Construction, and will include: Excavation of a drainage trench on both sides of and through Applegrove Road, installation of stone aggregate, geotextile cloth and a perforated pipe, and connection to an existing storm drain outfall location. This project will provide the underground spring a place to drain away without disturbing the surface. The county right-of-way and pavement surface in front of your residence may be disturbed by the planned project improvements. Any disturbed areas will be restored directly after the drainage improvements and during construction activities.

This project is scheduled to start on or about July 21, 2014, and will require approximately fifteen days to complete, weather permitting. Work hours are from 7 a.m. to 5 p.m. Parking will be restricted within the work zone during daily construction activities. We apologize for any inconvenience this project may cause and appreciate your patience during this important construction activity. If you should have any questions or comments feel free to contact:

DOT Project Manager: Mr. Yisa Adegun 240-777-7641

Should you have any further questions or concerns after the work is completed, you may wish to contact the MC311 Call Center at <http://www3.montgomerycountymd.gov/311/>

We thank you for your cooperation and again we apologize for any inconvenience this project may cause. We will work with you to address any of your concerns.

Sincerely,

Yisa Adegun
Project Manager
